Key facts

Around 1 in 6 older people experience some form of abuse, a figure higher than previously estimated and predicted to rise as populations age worldwide.

- Rates of abuse may be higher for older people living in institutions than in the community.
- Elder abuse can lead to serious physical injuries and long-term psychological consequences.
- Elder abuse is predicted to increase as many countries are experiencing rapidly ageing populations.
- The global population of people aged 60 years and older will more than double, from 900 million in 2015 to about 2 billion in 2050.

WORLD ELDERS ABUSED DAY IN 2018-2019

Virtually all countries are expected to see substantial growth in the number of older persons between 2015 and 2030, and that growth will be faster in developing regions. Because the numbers of older persons are growing, the amount of elder abuse can be expected to grow with it. While the taboo topic of elder abuse has started to gain visibility across the world, it remains one of the least investigated types of violence in national surveys, and one of the least addressed in national action plans.

Elder abuse is a global social issue which affects the health and human rights of millions of older persons around the world, and an issue which deserves the attention of the international community.

The United Nations General Assembly, in its resolution 66/127, designated June 15 as World Elder Abuse Awareness Day. It represents the one day in the year when the whole world voices its opposition to the abuse and suffering inflicted to some of our older generations

SHG is a holistic programme of micro-enterprises covering all aspects of self-employment, organization of the rural poor into self Help groups and their capacity building, planning of activity clusters, infrastructure build up, technology, credit and marketing. It lays emphasis on activity clusters based on the resources and the occupational skills of the people and availability of markets. It is only through empowerment of women that development of a society and this is possible. Women empowerment means that they should break free of the world set by patriarchal norms. For that we organized a workshop for downtrodden women. Women help line was formed for doing survey of victim women and helping them to face challenge. Women SHG were also formed. In this financial year 15 SHG are formed. It is a group of 20 women, made for their self help. It is also known as "NOC Mahilla Jagriti Group". The funds are collected by the group with their own contribution of Rs.100/-per women. The amount so collected is lent @ 1% p.a. to the needy women of the group. CULTURAL AWARENESS & ACTIVITIES PROJECT 2018-2019

KARAM MAHOTSAV 2019

The Karam festival of the Tribal's falls within the socio-religious domain. The Karam festival is classified as an agriculture festival. In this sense, it is highly symbolic as it is also associated with the idea of 'productivity' or 'fecundity'. The idea of fecundity applies to the agricultural produce or crops as well as to the recently engaged girls of the village who venerate the Karam deity residing in the Karam tree. Thus the Karam festival also becomes an occasion to petition God for perpetuity of the clan or community through the fecundity of the participating girls of the village. The Karam festival also becomes a motif because the communitarian fervor is invoked and enforced through the sacred and secular observance of it. This year we have organized almost 25000 participants are gathered in a one place in Delhi Andrewsganj on September 22nd 2019 along with our Consortium partner AZRA FOUNDATION. So many Eminent Guests are presence and different kind of Cultural Dances were performed including Western Odisha Organization (JUHAR PARIVAR) RangabatiSongs
